Beth

I hope this is still your private email.

Just wanted to lobby you (I am not a paid lobbyist !) on the ordinance you are considering on the dress code for P&L District. The City does not own the District as you know.

If you put something on them, how do you pick on them because they have incentives and leave out the Plaza or Zona Rosa or other areas that receive TIFs or tax benefits ??? You should do it for all or for none. Beth, almost all clubs in the entire area have dress codes.

Keep up the good work.

Steve
